

CAPABILITY STATEMENT

Amalgamated
Civil & Plant
Hire (ACPH)

INTRODUCTION

Amalgamated Civil & Plant Hire (ACPH) provides high quality and affordable civil services and plant hire in Western Australia.

Established in 2019, ACPH has a fully staffed workshop and office complex located in the Town of Collie. We service clients across many industry sectors from mining, construction and power generation to state and local government.

Our quality fleet provides an extensive range of affordable equipment available for even the most difficult project.

We have a 24-hour mobile maintenance back up service that operates seven days a week to ensure downtime is

minimised and our clients are getting the best quality services. We also supply gravels, rock and sands from local pits which meet main roads specification.

We offer clients innovative processes brought about through years of experience in equipment, technology and resources, to complete even the toughest of civil and plant projects.

Call us today on 0439 983 939 to discuss how we can help you.

Mission Statement

“To be recognised as the supplier of choice in the provision of civil works and plant hire services to the commercial and industrial sectors”

WE WILL ACHIEVE THIS THROUGH

- Cost competitive services
- Focus on safety performance
- Total commitment to customer satisfaction and loyalty
- Commitment to maintain exceptional levels of customer service
- Reliability of service through continuous improvements to all facets of our business

Our dedicated work group provides **labour, plant and on-call mechanical services** when you need it.

ACPH has the capacity to provide civil works and plant hire services for a wide range of civil, mining and government projects. We can provide project services to meet our customers need from dry hire, wet hourly hire, lump sum or schedule of rates.

ACPH have many valuable employees that are skilled in a variety of tasks and can operate equipment for specialised activities. We offer 24/7 services to clients who need extra services when the unplanned happens.

OUR BUSINESS VALUES

CUSTOMER FOCUS

We are committed to achieving and exceeding our customer's needs and expectations. We want our customers walking away completely satisfied and knowing that they will always get first rate services when they use ACPH.

MARKET FOCUS

We will strive to maintain competitive pricing and exceptional levels of services to all our customers.

INTEGRITY AND COMMITMENT

Being honest, transparent and respectful of our employees, customers and contractors is of the utmost importance and at the forefront of all that we do.

SAFETY AND ENVIRONMENT

The health and safety of our employees, our customers and any possible effects on the environment takes priority in all tasks undertaken by our company.

PEOPLE

We will achieve first class results by establishing flexible and productive partnerships with our customers through complete commitment and support of our people.

We offer clients **innovative processes brought about through years of experience in equipment, technology, and resources** to complete even the most challenging civil and plant projects.

If the service you are after is not listed above, **please get in touch** and we will do our best to accommodate your request.

SPECIALTY SERVICES:

CULVERT HYDRO JETTING AND CLEANING

Our system works on pressure rather than volume as this encapsulates the compacted materials. ACPH can clean any size and shape culvert from 300mm round up. We take extra care when cleaning culverts and drains to provide an environmentally responsible service.

When not taken care of properly, wastewater can cause damage to local wildlife. We do our best to ensure that all debris is removed from the site of your drain or culvert cleaning and that any wastewater created through our cleaning process is recycled correctly.

We aim to get the best results in every situation.
